

Careers Offer 2022 - 2023

The Philip Morant School & College

PHILIP MORANT
SCHOOL & COLLEGE

Please see below information about our Careers Offer. We are committed to providing our young people with a wide range of opportunities to explore their next steps in education or training. We will endeavour to provide at least six experiences of technical education and apprenticeships; these have been highlighted in bold.

Although we welcome education and training providers at any time during the academic year, optimum opportunities have been highlighted in red in the career plan below. Such opportunities will support our current plans, providing a platform for our young people to learn about the exciting opportunities post-16 and beyond. Please refer to the key at the bottom to identify times that may best suit your organisation.

Careers Offer: Sigma Sixth

Sigma Step Up Program. Topics follow the Dfe PSHE mandatory elements alongside the A-Level mindset program. Due to the size of our college we are able to provide a bespoke Careers package that is tailored according to the needs of individuals that study at our college. Therefore, the program below is subject to change to adapt to student needs.

All students have access to:

- Careers guidance by a level 6 qualified Careers Advisor. Every student is offered an interview. These opportunities run alongside personalised support with Job, Apprenticeship and UCAS applications and interview techniques.
- Morrisby, an online Careers resource.

Year 12		Careers focussed lessons as part of the Step up Sigma curriculum: - Transition to Post 16 Education. Careers Guidance opt in sessions with level 6 qualified and impartial Careers Advisor.

	Invite to attend the online Colchester Careers Convention	Alternative post 18 routes. Including: Apprenticeships, Employment, Gap Year. Sessions / presentations delivered by external organisations.	Careers focussed lessons as part of the Step up Sigma curriculum: - Post 18 Destinations
--	-----------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------

Alongside the above scheduled events and activities students across all year groups will:

- have access to a level 6 qualified Careers Advisor.
- be presented with opportunities to engage in careers linked subject organised visits and classroom activities.
- have access to Morrisby to help with career exploration and to inform their own career decisions. To include consideration to stereotypes and labour market information.
- have exposure to up to date information about local and national career opportunities and information via a Google Classroom.
- be supported in their decision making regarding the next steps in their learning and access to online work experience where relevant.

Parents and carers are informed of upcoming opportunities via letters home and email notifications.

The College is a member of the VI6 project, in which some courses are taught at the University of Essex,

Key to optimum times for provider access:

Type of provider	Key
Technical qualification providers, such as: BTECs, T-Levels, Higher Technical Qualifications	
Apprenticeship	
Sixth Form Colleges that offer A-Levels
